

Millennium Medical Care: Revolutionizing Healthcare Accessibility and Opening Doors for Entrepreneurs

[Fairfax, VA, Jan. 2025] – Millennium Medical Care, a trusted name in urgent care and primary care services, is proud to announce its expansion through franchising, providing entrepreneurs with an opportunity to join a growing industry while making a meaningful impact on community health. With a strong foundation of patient accessibility and comprehensive care, Millennium Medical Care is poised to lead the way in delivering high-quality healthcare in an increasingly demanding market.

Founded in Woodbridge, Virginia, Millennium Medical Care operates with the mission of making healthcare accessible and available to everyone. Offering a wide range of services, including walk-in urgent care, annual checkups, and sick visits for adults and children, the organization bridges the gap between traditional healthcare systems and patients seeking immediate, affordable care. Millennium's extensive network connections enable same-day or next-day access to specialty services, and its use of care coordination virtual assistants streamlines referrals and authorizations for medical procedures.

The U.S. healthcare industry is a cornerstone of the nation's economy, with healthcare spending reaching approximately \$4.9 trillion in 2023 and accounting for 17.6% of GDP. The urgent care sector alone is projected to grow from \$56.7 billion in 2022 to \$135.6 billion by 2030, reflecting a shift toward convenient, efficient, and patient-centered healthcare solutions. Millennium Medical Care offers a proven business model that enables franchisees to capitalize on this growing demand.

Under the leadership of Dr. Reena Rao Bommasani, Founder and Medical Director, and CEO Arun Sekaran, Millennium Medical Care has grown to serve patients across five cities in Northern Virginia: Woodbridge, Manassas, Herndon, Fairfax, and Aldie. Dr. Bommasani's vision of creating a "medical home" for patients, where major illnesses can be prevented through accessible and compassionate care, has been the driving force behind the company's success. Mr. Sekaran brings precision and operational expertise, ensuring that every Millennium location meets the highest standards of quality and efficiency.

Franchisees will gain access to an established brand, a well-defined business model, and an extensive support system, including comprehensive training and hands-on guidance. Entrepreneurs will benefit from Millennium's reputation for accessibility and affordability, as well as its focus on cutting-edge care coordination technologies that enhance patient experiences.

For entrepreneurs, this is more than a business opportunity—it's a chance to enter a \$4.9 trillion industry that continues to grow and evolve. With an emphasis on innovation, patient care, and operational excellence, Millennium Medical Care offers franchisees the tools to build a financially rewarding and impactful business. Join us in shaping the future of healthcare—contact us today to learn how you can become part of the Millennium Medical Care family!
